LIGHT KIT

Emergency Light Kit Features

COMPATIBLE

Directly replace Innovation, Monitor, GAL, PTL, KONE, National, EPCO, Adams and Schindler COP emergency light systems

COMPLIANT

With 4+ hours of illumination during a power failure and 5 super bright LEDs, you can rest easy knowing it's code compliant

EFFICIENT

The integrated back-up battery and universal mounting plate provides quick installation to save you time and money

PREFERRED

The universal mounting plate, long lasting LEDs, and integrated back-up battery make this the replacement kit of choice

VERSATILE

The ultimate replacement for any failing, discontinued, or obsolete COP emergency light, regardless of manufacturer

KIT PHONE

Emergency Kit Phone Features

UNIVERSAL

Replace any line-powered or AC-powered ADA emergency phone, even OEM build-in phones

FLEXIBLE

Mount anywhere using the included self-adhesive VHB standoffs & microphone, no fixture mods needed

ECONOMICAL

With quick universal installation, our kit phones save you time which saves you money

ESSENTIAL

Installers love having a few kit phones on hand for those rush jobs, keeping customers up and running

SUPERIOR

The go-to replacement for failing, discontinued and obsolete phones, no matter the manufacturer
